June 2015

Eureka Is A Great Area To Live On

I always remember when we first moved to Eureka because my son just turned six and now he's sixteen, it definitely doesn't feel like we've been here ten years, it's gone by fast. We live in Manor Park (or as some call it The Park) when we came here I had a miniature schnauzer (Pluto) which I used to take for a run, he would run and I would bike along. It didn't take me long to figure out who had dogs because as soon as we came along, the dogs usually dashed for their fence line to let Pluto know, this was their turf and to keep on running.

Our son at six

I think we were one of the last sections bought in Eureka and I think what put people off was how swampy it was. Hubby enjoyed working on a digger and tidied it up as much as he could. He dug out where the house was going to go and later on the pool.

Pluto who thought he was a Rottweiler

I've had real estate people call in or pop a pamphlet in the mail in case we ever want to sell up but like my next door neighbour was saying, where would we go? Eureka is the ideal spot to live in the Waikato, it's handy to Morrinsville, Hillcrest, Hamilton, Te Awamutu and Cambridge and even though we are just off the highway it's so lovely and quiet.

Front of Henny and behind of Penny

Lucky in the front and Clucky behind her

Since Pluto is no longer with me I decided to get a few hens and enjoy beautiful rich eggs. If you're not into hens you may want to skip this paragraph because when it comes to my animals I can ramble on and on. I have two Faverolle hens (Henny and Penny) I love their look with their unique five feathered toes, they are meant to give me around 100 eggs per year but so far they are still thinking about it. My next two girls are little bantams, they are Sebrights (Clucky and Lucky) these two are cutie pies. They look like an artist has come along and painted them, they come in gold or silver, I have two gold ones. Even though these girls are small in size they have a lot of spunk in their personality and are the only girls paying their way so far, by laying me little eggs every day. A few months ago I purchased four little chicks for one of my clucky hens (Henny) two of these chicks are Rhode Island Red (Custard and Cream) they are gorgeous looking girls and have a lovely calm nature. This breed is meant to be a great layer with around 200-300 eggs per year, so I'm looking forward to when they start laying. The other two chicks are Barnevelders, one ended up being a rooster (Cocoa) a very handsome looking lad with a mix of colour, being black, green and blue and the other Barnevelder chick is Coffee, and she is meant to produce about 170 eggs per year. Now if you're wondering where these interesting names came from, I have my niece (Mia) to thank she has a very creative mind and loves animals. Mia and her Mum live on Hooper Road, so whenever I get an animal Mia doesn't take long to come up with a name.

Our steer didn't want to leave its paddock

We have wonderful neighbours who are happy to help if we need it. We've had some interesting times while living here. One of these was when we had a steer that needed to see the vet and because we didn't have any pens, some neighbours a few houses along let us use their stock pen. The short story is, after the steer jumped into the two neighbours behind us we eventually got it to the pen for the vet, then it ran up the ramp and leaped off running down the drive and ending up in our next door neighbours paddock (after jumping their three fences) it seemed content to stay with their steer, and thankfully they let our steer run with theirs. We decided to take a break from having beefies for a while so our neighbour behind us has kindly brought his animals in to keep our paddock looking tidy. My niece (Mia) has even named his beefies, the two steers Mia named Bruce and Dave and the one heifer Lucy.

I'm sure we'll be here in another ten years and maybe then I can update you all on what new hens I have :)

Cheers
Denise Berendt

90th BIRTHDAY CONGRATULATIONS TO: Harold Woolford, of Newstead Orchard, who celebrated this wonderful milestone on June 23rd. Best wishes for many more good years, Harold.

HAROLD

by Sue Edmonds (June 2015)

Who is this man who ne'er retires
For whom this decade fled so fast
A small man but persistent, ninety now
And yet the fruit doth flow and flow
And Harold sees it come and go.

A decade since I wrote a piece
Recalling fifty years of fruit
In two great orchards based round here
The joys, the progress and the woes
Bags, crates and boxes changing go.

But Harold soldiers nobly on
While many funerals he has seen
Now Tuesdays off and Sundays too
And snoozes in the afternoon
But otherwise it's still all go.

The family and the faithful staff
Maintain the orchard and the shop
The bins arrive, work never stops
But when the noisy grader rolls
The Harold hands are on the job.

The customers drive in and out
Collecting bags and bottles both
But most will never ever know
The labour which creates those bags
Of perfect, matched delicious fruit.

So may the years move gently on
With Harold there to welcome me
A man for hugs and beaming smiles
And newsy catchups twice a week
A Happy Birthday man is he

RIPERIAN MARGIN PLANTING

Over the last few years the school has been learning about healthy streams and the importance of riparian planting. Frank Portegys has kindly offered for the school to be involved in his farm's planting programme again this year. The whole school will get an opportunity to go to the Portegys' farm to participate in tree planting. It is a chance for the children to learn about different plants and where they should be planted in a riparian margin.

MATARIKI CELEBRATIONS

Over the next week Tauwhare School are learning about Matariki and all it entails. On **Wednesday 1 July** we are holding a mini concert where each class will present an item around the learning they have been doing in class. We would love you all to come and see the hard work the children have been doing! The show starts at 130pm and weather permitting will be held on the front deck outside Room 1.

Maths Roadshow:

Last week the Maths Roadshow came to school. All the children had so much fun! The activities covered a wide range of Maths across the entire Maths curriculum in real life situations all with hands on equipment. They were completely involved and engaged in each activity for 80 minutes, and were working cooperatively to solve as many problems as they could. It was a very worthwhile day and

we look forward to them returning next year.

Tauwhare Playgroup

We've been enjoying art and craft projects with the children this term – each week we have a special activity, along with free play time. The bigger children are very keen on gluing and sticking, so we have been preparing projects that will keep them interested and practising their skills!

This picture is from playgroup in the week of Fieldays, when we made animal faces on paper plates. The children loved sticking on cork noses for pigs and cotton wool for sheep – often on the same plate!

We only have a few more weeks left in Term 2, with 2 July being our last week before the school holidays. We will be back again, still at St Andrews Church, on 23 July. Hope to see our regular families, as well as any families who are new to the area or to our playgroup. We are a very friendly group, and love welcoming new children and their carers!

About Us:

We are a friendly and fun playgroup, and welcome families / carers with children ages 0-5 years old.

We are currently meeting at St Andrews Church in Tauwhare from 9am-12 noon every Thursday during school term time. (This is a change of venue to our normal meeting place at Tauwhare School's Multipurpose Room, whilst they are having major building work carried out). Please bring along a small plate of food for the children's shared morning tea, and we provide hot drinks for parents and caregivers.

WELCOME TO THE NEWSTEAD COMMUNITY!

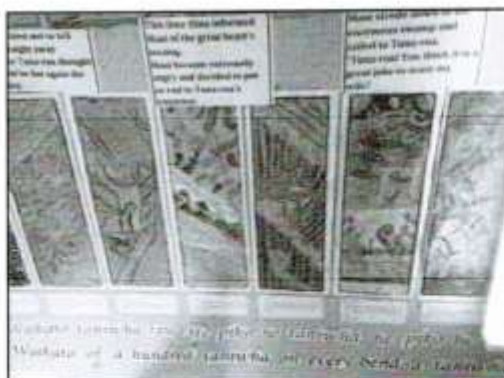

We have had such a busy term and the children and the school community have been involved in so many different activities.

The BOT have been busy working through the process of employing a new principal after the retirement of our Principal of over 12 years. They have appointed Mr Drew Campbell to the position, starting next term.

Drew has previously worked as Deputy Principal at Knighton School, and most recently has been teaching at a school in Dubai. He and his family are returning to New Zealand in early July, and will spend a few weeks settling back into New Zealand. He will then have a few weeks working with our current Relieving Principal, Russ Young, for a handover period until mid-August when Drew will take the reins in full.

In May we held farewell functions for Gary Buttimore to celebrate the time he worked as Principal at Newstead School. We held an evening function for Gary's invited guests, where Gary was able to mingle with those he had dealt with over the years, and speeches recognised Gary's work at Newstead. A less formal celebration was held the following Friday at a school assembly with the children, staff, and parents. On this occasion the children were invited to present Gary with their thoughts and put on various performances for him.

The Tough Guy tough Gal challenge had 54 hardy Newstead children participate this year. A fabulous muddy slippery day was enjoyed and we must thank our wonderful parents for their support yet again.
